

Nicene Creed Instructions

Fourth grader students will learn and memorize the Nicene Creed by the end of the school year. We will be reciting this prayer in class, and you are asked to do practice it at home.

Here is the homework schedule:

April – Recite the prayer each evening at least once at home. This will make it easier to begin memorizing in May.

May – Begin memorizing the prayer by remembering a few lines at a time and then gradually adding on more lines. We will practice this in class, but most of the memorization will be done at home. You will also work on activities at school and as homework to help learn about the prayer.

Important Notes:

- It is very important that you begin practicing this prayer now. It will be difficult to memorize it at the last minute. If you start by just reciting it daily, it will make it much easier to eventually memorize the whole thing.
- **June 3 will be the final day** to have this prayer memorized and recite it for Ms. Portelance. This will go toward your religion grade (224 points).
