

Science Adventure Camp

Mark your calendar for 2018
science adventure camp with
Ms. O and Mr. Meaux

June 19th-22rd

Two Sessions

9am – 12pm

Grades: Current 3-5

Science and Adventure

Learn about weather, geology, and engineering. Build boats and bird feeders, excavate hidden treasures, and construct rockets

1pm – 4pm

Grades: Current 5-7

Science and Adventure

Explore the science of physics, environmental technology, and engineering. Build bridges, catapults, water filters, egg drop airbags, and even ice cream!

2018 Camp Guide

The camp will be broken down into two sessions. Both sessions involve interactive science based games and engineering. Half of the session will be outdoors (weather permitting) and half will be indoors.

Location: Our Lady of the Lake School

Cost: \$175 per student. This includes supplies/materials

Limit: 25 students per session (they may fill up quickly so sign up soon!)

Interested?

Fill out the attached registration packet. Indicate which session your child will be attending and if they will need xcare.

Science Camp
June 19 – 22

Payment of \$175 due with registration
